Solaris Power 40 Open

The Solaris Power 40 Open makes an impression from the very first moment thanks to its character: clean, timeless lines that carry the DNA of the range, in a boat built for those looking for more than just a 40-foot boat. Her interior layout and volumes match those of considerably larger yachts, a feat that's clear the moment you step on board.

On the water, the design of her hull is the key to a firm, secure ride that inspires confidence, whether cruising calm waters or facing more demanding conditions.
