Solaris Power 44 Open

The Solaris Power 44 Open carries the DNA of the Solaris Power range into a length that feels almost too short for everything it offers: a design with its own signature, presence in any harbor, and on-water performance that matches its lines. Its walkaround deck features folding side balconies that extend the cockpit toward the sea, creating a perfect outdoor space for dining with the horizon as your only company. Forward, generous sunbathing areas invite you to make the most of sunny days, while the wet bar sheltered under the T-Top turns every afternoon on the water into an unhurried experience

GENERAL DATA
